INFO

A Brit - A Dutchman - Two Germans ...
mysterious people, weird formation, strange band.

Got to know each other via online ads and
even hang out together in their freetime.

And one can hear that in their ambitious sound.
Music somewhere between Placebo and Skunk Anansie, Foo Fighters,
Smashing Pumpkins and Queens of the Stoneage.
Danceable Rock, noise you can sing to, vibrating harmonies!

From the depths of the rhine music culture,
from the jungle of Cologne-Rock-City !!
